

Lift Engineer – Repair and Maintenance Bristol & South West

Ideal Lifts Service Ltd have an exciting opportunity for a skilled Lift Engineer who would like to join a professional team. The role will be repairs biased but will include call outs and some maintenance work at various locations.

We are looking for an energetic self-starter with customer service skills to match an excellent technical ability. The ideal candidate will already be based in or near the Bristol, Somerset or Devon areas or be willing to relocate, will be on a standby rota and work on a flexible basis.

Person specification and skills required:

- Qualified or working towards a minimum of NVQ level 3/4 or equivalent in lift engineering
- Full driving licence
- Previous experience as a lift engineer
- Ability to learn new skills
- Effective communicator
- Conversant and able to repair, fault find, and fully maintain a range of lifts including contemporary MRL traction machines incorporating the latest technology from a variety of manufacturers
- Computer / smart phone experience as we use a remote application for logging jobs and completing worksheets
- Experience in SAFed testing would be an advantage

In return, we offer:

- Competitive salary + overtime on a 40-hour contract
- Door to door payment
- Profit share scheme
- Modern van
- Smart phone & tablet
- Standby allowance
- Pension scheme
- 28 days holiday including bank holidays
- Regular service route
- Company clothing and tooling
- Long service awards
- Training and progression opportunities

If you think this could be the opportunity for you and would like to discuss this further, please contact our Operations Manager, Steve Short on 01837 659 734 or email your CV to steveshort@ideallifts.com
